Report on 2nd World Deaf Badminton Championship
by Martin Bogard (TD Badminton).

The tournaments of Team and individual events were held at the RWE Rhein-Ruhr Sports Hall, Muelheim a. n. Ruhr, Germany, the very same venue where the official German Open Badminton was held.

We were using the latest technology of LiveScore via special program of Tournamentsoftware. We were very fortunate to have two wonderful Dutch men Hans and Aede who have used their own vacation from their work to support us and they have worked very hard during the tournament with the preparation of the electronics equipments that connected to many computers and laptops via the network to link the internet in live! I had some helps from another Dutch man, Albert who had come to visit me twice to advise me how to use the tournamentsoftware. I found it absolutely fantastic and this has proven to be very successful as the all match scheduled were completed on perfect timing that was unheard of before!

I prepared all players' rankings order beforehand and setup the program using the ranking lists to form the official seeding order and the draws were made by Albert who was a specialist on that program and he was also a member of the Dutch National badminton referee.

It began with the team events consisted of 13 countries and there were 4 groups. The seeded order of the team was based on the results in the most recent major badminton tournament in the Deaflympics, Melbourne 2005. The top two of each group qualified to the knockout stage. Many of the matched were excellent with well fought. Russia beat Japan 3-2 in the final and Lithuania took the Bronze after beating Great Britain also 3-2 in the 3rd/4th place play-off.

The number of the individual entries had been on the increase in spite of several players were unable to come due to various reasons, such as entry Visa and financials. All singles matches were begun in the round robin where both Men's and Women's had 16 groups each. As usual, the top two of each group qualified to the knock-out stage. All doubles events ran in the knock-out stage only.

I was so pleased to have witnessed the standard of players have improved tremendously and many matches were very close. All results showing the full scorings are attached. Rajeev Bagga of GBR (formerly IND) has defended his Men's Singles title again. He has been the Champion since he first emerged the World Deaf Badminton in New Zealand 1989 and now it is nearly 19 years since without being beaten. This is absolutely remarkable and one of the best deaf athletes we have ever seen.

More details can be found via www.badminton-wc.dg-sv.de with some further links including the players' statistics which can be useful for the badminton officials and coaches. You can also read many reports from the daily basis during the competitions from the same website.

We had doping tests on the last day of the competitions where ten players (five male and five female) were chosen by random.

After the official competitions were finished and I organised a special match on the very last day between the European and Asian players consisting of six Men's Singles, six Women's Singles, three Men's Doubles, three Women's Doubles and six Mixed Doubles. Each side picked its own captain and a coach to select their players from the same continent to form the team.

It was absolutely fantastic to watch some players from different countries to play together. Europe won 14 - 10. One of the Men's Singles matches between Simon Le Blanc of France and Daisuke Miyazaki of Japan was the most excited one as it was the first time we have ever witnessed since the new score system was formed a couple of years ago, when their score has reached to the "Sudden Death" point after they were tied of 29 points each on the decider set. Daisuke managed to win the very final point after a hard long rally. It was absolutely climax time for everyone!

It was nice to have our two Executive Committee members of the ICSD during the competition; Siv Fosshaug came for the first four days and then Josef Willmerdinger joined for the final four days. I was so pleased that they have enjoyed themselves very much and have admitted that the game of badminton were extremely fast before their eyes!

I have received two official bidders to host the 3rd World Deaf Badminton Championship for 2011. They are Korea and Malaysia so I will be working with them in normal procedure and I will update you all once I get the outcome.

I must thank from the bottom of my heart to German Deaf Sports Federation for their fantastic work before and during the competitions. Sabine Grajewski and her staff have worked many hours from early in the morning to late in the night, sometime well past midnight to prepare for the next day program. They have shown their real professional job. I tend to stand up and bow them all for the 5 Star service to make the best Badminton tournament ever!

Martin Bogard (TD Badminton)
